

AOQ-QLD ClimateSmart Business Cluster Program

a guiding hand for business professionals

FWR Group Pty. Ltd., industry leader in providing niche training solutions to the commercial, business, and government sectors, are offering in association with the Australian Organisation of Quality (AOQ-QLD Inc.®) a comprehensive energy and resource efficiency program.

The AOQ-QLD ClimateSmart Business Cluster Program is partially funded by the Queensland Government (ClimateSmart Business Grant) and designed to enable your business to gain a competitive edge by improving your profitability, moving beyond environmental efficiency standards, with a goal of generating new business opportunities. The program guides you through a review of the economic and environmental aspects of your business in the development of a plan for action that embeds sustainability into your strategies and policies, and provides methods to monitor and measure outcomes and success.

Easy 5 Step Process - ClimateSmart Business Program Schedule:

Step 1: Attend the Introduction Session and sign up to the program. June 4th, 6-7:30pm (Details below).

Step 2: Site Visit/Survey and QLD Government Ecobiz Program Baseline Assessment completed for your business (1 x per business). July/Aug. 2009

Step 3: 1/2 Day ClimateSmart Business Progress/ Implementation Workshop. Sept. 2009.

Step 4: Guided progression through steps 4 – 6 of the Ecobiz Small Business Energy and Resource Efficiency Process. Aug.-Nov. 2009.

Step 5: Program Reflection and future-planning session. Nov. 2009
